Explanatory Statement

On November 6, 2015, Exelon Corporation (Exelon) and Baltimore Gas and Electric Company (BGE) filed a Current Report on Form 8-K to report the filing of an application with the Maryland Public Service Commission seeking increases of \$135.2 million and \$77.8 million to its electric and gas distribution rate bases, respectively (the "Original Report"). Exelon and BGE are filing this Form 8-K/A as an amendment to the Original Report to correct Item 8.01 of the Original Report which reported the requested rates of return on rate base instead of the requested rates of return on equity. The Original Report stated that the requested rates of return on equity in the application were 7.74% and 7.69% for electric and gas distribution, respectively. The correct requested rates of return on equity in the application are 10.6% and 10.5% for electric and gas distribution, respectively. All other information disclosed in the Original Report remains unchanged.
